Melodyne studio user manual Melodyne studio user manual3 Hello and a warm welcome to Melodyne! Many thanks for purchasing Melodyne and welcome to the program. Melodyne offers a new, musical and intuitive way of working with audio data that we're confident you'll enjoy.

user manual version 3 - Melodyne

Melodyne is pitch correction software that works by receiving recorded audio and analyzing the pitch and tempo. It then separates the notes into blobs, which you can then edit individually as necessary. There are a few ways to import audio; either through your DAW as an effects plug-in or recording/importing the audio using the standalone app.
