Entries have been illustrated wherever possible, either within the glossary or in the text. Alternate terms or spellings are listed in brackets after the entry. Alternate definitions for a single entry are commonplace; this is the result of diffusion, varying localities, and technological progress. However, the reader is cautioned that many of the timbers and devices listed here might have had ...

In the years just after World War II, concerns about the fitness of US citizens, especially the young, attracted national attention. Several trends and developments in the country lay at the root of this anxiety. The nation's economy had changed dramatically since the beginning of the century, and with it changed the nature of work and recreation.
